

4. POLICY

QUALITY POLICY

The Quality Manual defines the Policy and Quality control systems of Perei Group Ltd, to ensure that all products conform to the customer drawings, specifications and other contractual requirements.

The management and employees have a total commitment to achieve this through a Quality programme which involves total organisation participation, failure prevention analysis with zero defect objectives, and consistent re-investment in new plant and technology. Customer satisfaction is assured through a policy of continual improvement sustained through management's review of Perei Group Ltd management system, training programme and quality objectives. KPI's have been established and stated in the Business Plan to monitor achievement of these objectives.

ENVIROMENTAL POLICY

As a responsible company, Perei Group Limited recognizes that the protection of the environment forms an integral part of its business objectives and is a prime responsibility of line management at all levels.

Accordingly, its policy with regards to environmental issues is to:

- Assess regularly the environmental impacts of its activities.
- Based on results of the assessments, set annual objectives and targets for the continual improvement of the Company's environmental performance.
- Comply with all relevant environmental legislation and those environmental standards and codes of practice to which it may subscribe.
- Introduce appropriate procedures and systems to ensure the prevention of pollution and minimize its use of natural resources. This will include:
- Monitor its compliance with regulatory, national and Company standards and take action to ensure that compliance is maintained.
- Ensure that all Company staff is made aware of its Environmental Policy and the requirements of its environmental management system by appropriate training and awareness briefings.

Continual improvement of the Environmental System is sustained through management's review of Perei Group Ltd Environmental Management System, training programme and environmental objectives. KPI's have been established and stated in the Business Plan to monitor achievement of these objectives.
